Jill, played by Lauren Lucksavage, high-fives a group of third-graders Tuesday as they arrive for the Jump with Jill assembly on nutrition and healthy eating at Tuloso-Midway Primary School.

Students at Tuloso-Midway Primary School sang and danced their way to healthier eating habits Tuesday.

The Jump with Jill program, which featured a DJ and a “rockstar nutritionist,” used interactive songs to get students to make healthy food choices.

The event was part of the school’s observance of National Nutrition Month. The program will make stops at 11 schools across the area, putting on two shows at each location.

The New York-based program was brought to the area through funding and sponsorship from the Junior League of Corpus Christi, H-E-B, United Health Care, Time Warner Cable, Corpus Christi Independent School District, the Mayor’s Fitness Council and Omni Hotels.
